COMMUNITY DEVELOPMENT

The City of Glendale launches Community Core to submit, pay, and manage your permits online!

Making permit submission as easy as

Visit the 'Permits Page' on the Glendale Website or scan the QR code to learn more about permits.
<https://www.glendale-wi.gov/379/Permits-Miscellaneous-Forms>

BUILDING DEPARTMENT

The Building Department handles a variety of functions ranging from residential and commercial building, plumbing, electrical, and HVAC inspections for new construction and property maintenance issues. Additional functions include fire, health, and life enforcement. We also serve as a direct source for public information and education.

PROPERTY MAINTENANCE

Many residents do a good job keeping up the appearance of their homes and properties. However, there are properties located in Glendale that have not been maintained in accordance with the code. Please be aware the City of Glendale has a Property Maintenance Code.

Chapter 15.5 was developed to prevent and correct the existence of adverse conditions and to establish certain standards relating to the appearance, maintenance, safety, and repair of all buildings and lands within the City.

A proactive approach to property maintenance by all residents will help to avoid complaints. If you feel a neighbor's property may need maintenance you are able to file a complaint by visiting www.seeclickfix.com.

The compliant will be reviewed by the Department of Public Works and the property will be analyzed for further action.

COMMON INSPECTION

What types of items require a permit?

Permits are required for: roofs, additions, kitchen and bathroom remodels, new furnaces, new air conditioning, new plumbing, and electrical. If you are planning a project and have questions about a permit, please call 414-228-1742.

When does a permit expire?

Permits expire 18 months from the date of issuance.

Do I need a final inspection?

All permits require a final inspection. If the final inspection does not occur the permit will expire, and a new permit fee is required to reopen the permit.

Who should call for an inspection?

Often your service provider will apply for a permit. However, most of the time the service provider will not call for the final inspection. It is then the responsibility of the homeowner to call for the inspection. When working with a service provider discuss early-on who will be responsible for requesting and scheduling the final inspections.

How do I request an inspection?

Please call 262-420-4732 or email WIinspections@safebuilt.com to request an inspection. Please have your address available and if possible, provide your permit number. Please note that the property is in Glendale. Inspections requested prior to 3:30pm can be scheduled for the following day or a day that is convenient for you.

How do I know if my service provider applied for a permit?

Ask your service provider to see a copy of the issued permit. If the provider is responsible for the final inspections, ask to see the final approved paperwork.

REMINDER TO CALL FOR YOUR INSPECTIONS!

////// RIGHT-OF-WAY

The white dashes on the aerial photo represent the right-of-way for this particular property. The right-of-way allows an individual to enter your property and use it as a passageway. Right-of-way exists on land held by government, such as public land. If a resident is unsure of the distinction between private property and the right-of-way, please view the following:

- Go to <https://applications-mclio.hub.arcgis.com/>
- Click on 'Interactive Mapping App'
- Search by Address and click Aerial View

DRIVEWAY PERMITS

A permit is required when replacing a driveway approach, which is located within the City right-of-way. A sketch showing the width of the approach and a certificate of insurance listing the City of Glendale as **"additionally insured"** MUST be submitted with the permit application. The fee is \$50 per entrance. For more information, please call (414) 228-1710.

NORTH SHORE FIRE RESCUE
EDUCATE. PROTECT. SERVE.

By: Assistant Chief Dan Tyk, North Shore Fire Rescue

HELP THE FIRE DEPARTMENT GATHER CRITICAL INFORMATION AHEAD OF AN EMERGENCY USING COMMUNITY CONNECT

North Shore Fire/Rescue (NSFR) is excited to be one of the first public safety organizations in Wisconsin to roll-out a new and innovative software that will help gather and provide critical information ahead of a call for emergency service. Beginning in 2022, NSFR began using software from First Due to assist emergency responders by providing integrated route mapping, hydrant location and other mission critical structure and occupant information for most commercial properties across the seven-community service area.

This software replaces what was previously a completely manual process of pre-planning commercial structures which often resulted in outdated data and inconsistent schematics. The software was initially designed to assist commercial stakeholders by developing consistent and helpful visualized plans with information like gas and water shut-offs, alarm panel location etc.

Now, just as exciting, private residents can also use First Due's Community Connect platform to provide the same vital information to the fire department for their residential address. Community members can create an account tied to their local address and provide information on pets, access code and door information, occupants who may need additional assistance evacuating in an emergency, electric, water and gas shut offs, and occupant or owner contact information.

Moreover, following a planned update in the coming year, residents will be able to elect to be notified via Community Connect if their home address has emergency services dispatched to it to communicate with the responding personnel. Setting up an account takes just minutes, and the self-service residential pre-plan interface is user friendly and intuitive. Additionally, the information shared is private and confidential and is held behind bank-level encryption, making it as safe as paying a bill online.

Community Risk Reduction personnel from NSFR will be able to assist residents with completing their home plans as a part of our free Home Safety Assessment Program. To learn more about First Due's Community Connect Program and to submit your residential pre-plan, visit www.communityconnect.io/info/wi-northshore. If you have additional questions or need assistance with your plan, you can reach out to our Community Risk Reduction Specialist by visiting our website, www.nsfire.org or by calling 414-357-0113 ext. 1101.

PROPERTY TAX COLLECTION

Tax Season

Property tax bills were mailed in early December. The bill has bar coded payment stubs to assist in processing. You should retain this copy of the tax bill for your records and return only the bar-coded payment stub(s) with your payment(s).

The second installment is due March 31, 2025, and the third installment is due May 31, 2025, respectively. Special assessments and special charges are not eligible for the installment plan and were due January 31, 2025, along with the first installment. We recommend marking your calendar. No reminder notices will be sent.

There is a payment drop box located in the middle of the Police Department Parking Lot. Please note that for mailed payments the postmark governs the date of payment, not the date on your check.

We do not automatically mail receipts. You may enclose a self-addressed stamped envelope for a mailed receipt or you can obtain tax details (a form of receipt) and duplicate tax bills online at www.glendalewi.gov. Payments will appear on the City website the day after they are posted.

Payment Methods

1. Payments will be accepted at City Hall Monday - Friday from 8:00am-4:30pm with the following holiday closures:
 - Memorial Day 5/26
 - Independence Day 7/4

BENEFITS OF CLEANING YOUR STORM DRAIN

- Reduced flooding, particularly to low lying areas
- Reducing icy patches that form from water pooling, then freezing.
- Avoiding infrastructure damages on the property, highways, sidewalks, basement, cars, piping system and cables.
- Reduce soil erosion. Stagnant water accumulated can make soil muddy leading soil to erode.

HYDRANT FLUSHING

The City of Glendale will conduct its annual water main flushing program from **April through August of 2025**.

The flushing program is designed to remove natural minerals like iron and calcium collect in the bottom of water of water mains. This operation may cause a temporary discoloration in your water supply. By allowing your water to run for a short period of time, the problem should clear itself. Please be assured, although the water may be discolored, it is safe for human use.

Any inconvenience should not last more than a day. If problems persist, or for more information, please call Glendale Water Utility at (414) 228-1710.

NEVER FLUSH

SANITARY BACK UP

For weekday basement sanitary sewer backups please call City Hall at (414) 228-1710 between 8:00am-4:30pm. If you experience a backup after hours or on weekends please call the Glendale Police Department non-emergency line at (414) 228-1753.

This is a reminder that Wis. Stat. § 287.07(7)(cm) now contains an exception to the general prohibition on the landfill disposal of yard materials. Therefore, certain plants that are classified by the Department of Natural Resources (DNR) as invasive species may be disposed of in landfills, if separated from other yard materials that are subject to the disposal ban.

May and June are prime months for landowners, maintenance crews, and volunteer groups to collect invasive plants for disposal. When disposing of these plants, the DNR recommends that you label bags containing the invasive species, e.g. "contains invasive plants."

A list of species classified by the DNR as invasive can be found on the WI DNR website at <https://dnr.wisconsin.gov/topic/Invasives/RegulatedSpecies>

If you have questions please visit <https://dnr.wisconsin.gov/topic/Invasives/contacts>

NOXIOUS WEEDS

The City of Glendale reminds residents that State of Wisconsin Statute Section 66.0407 and City of Glendale Ordinance Section 8.1.6, require property owners to destroy all noxious weeds on their property. Some of the more common noxious weeds include thistle, poison ivy, burdock, and ragweed. If you have questions, please call the Department of Public Works at (414) 228-1710.

No Mow Mother's Day

Help save the bees by not mowing your lawn. The City will not enforce the section of the code regarding the height of your grass until after Mother's Day.

DISPOSAL OF LARGE, BULKY OR NON-HOUSEHOLD WASTE

Disposal of large furniture, mattresses, etc., is done by special collection. **Residents must call John's Disposal at 262-473-4700 or office@johnsdisposal.com to schedule a pick-up, and to find out if any fees will apply.**

Special pick-ups must be scheduled at least a week in advance of the scheduled Monday collection.

Items may be placed at the curb on the night PRIOR to the Monday collection ONLY.

Items must be neatly piled or placed in containers to facilitate collection. All collections are done by hand so your consideration for workers is appreciated.

PET LICENSES

All dogs and cats over five months old are required to be licensed. A total of no more than three dogs or three cats or combination thereof are allowed per residence.

Applications to renew dog and cat licenses are mailed by the Milwaukee Area Domestic Animal Control Commission (MADACC) in January.

Licenses can be obtained from MADACC's website for a small online servicing fee, or at Glendale City Hall during regular business hours. Fees for dog and cat licenses are as follows:

Dog Licenses	Cat Licenses
Male or Female: \$24	Male or Female: \$24
Spayed/Neutered: \$12	Spayed/Neutered: \$12

Additional Late Fee Effective April 1:
 Male or Female: \$12
 Spayed/Neutered: \$16

YARD WASTE COLLECTION WEEKS

Reminder that the brush and yard waste program with John's Disposal is **NOT** a tree removal service.

Guidelines for Yard Waste Pick-Up:

- Residents can place unlimited amounts Yard Waste at the curb next to their garbage for pick-up.
- **All Yard Waste must be placed in sturdy paper bags suitable for containing Yard Waste or in other suitable containers clearly marked "Yard Waste"** excluding carts or plastic bags. The weight of each container must not exceed fifty (50) pounds.
- **If Yard Waste is not placed in a suitable container, the branches shall be tied in a bundle weighing not more than fifty (50) pounds.**
- **GRASS CLIPPINGS ARE ALLOWED.** Clippings must be contained in 32-gallon containers and must not exceed fifty (50) pounds.
- **YARD WASTE MIXED WITH TRASH WILL BE REJECTED.**
- The following materials WILL NOT be collected: stumps, root systems or parts of roots attached to brush, brush mixed with garden debris, brush generated from site clearing activities, materials resulting from tree pruning, or removal at an address other than the collection point and tree branches greater than 4" in diameter and 4' in length.
- Please refer to the City website to view the collection map.
- Reminder that burning of brush is **NOT ALLOWED.**

What is Yard Waste? Yard Waste includes:

- Leaves
- Tree limbs or branches that shall not exceed four (4) inches in diameter or more than four (4) feet in length
- Brush or vegetative matter resulting from landscaping maintenance.

When is Yard Waste Picked Up?

- Yard waste is picked up every other week. Yard waste must be out before 7:00am on the day of your regular garbage pick-up.
- Collection begins:
 - **Week A: March 24**
 - **Week B: April 1**
- Residents with questions may call John's Disposal at **262-473-4700** (the City's refuse collection).

MISSED COLLECTIONS OF REFUSE, RECYCLABLES OR YARD WASTE

If you suspect your garbage, recycling or yard waste collection has been missed, residents must contact **John's Disposal at 262-473-4700**. This allows residents to explain, in detail with the service provider, what items are placed for collection and any possible reasons for non-collection.

To view the Glendale recycling guide please visit: <https://www.glendale-wi.gov/260/Recycling>

Collection of Refuse

Per City of Glendale Ordinance 8.3.6, all garbage carts shall be placed at the curbside collection point only after 4:00pm on the evening prior to the regular collection time, and then all refuse carts must be removed from the curbside collection point within twenty-four (24) hours after the regular collection time.
