Environmental Fee Schedule for Waste Disposal Services

Beginning January 1, 2025, the monthly rate for residential refuse, recycling and yard waste will be \$14.00 per month or \$42.00 quarterly per Residential Equivalent Units (REU). Residential properties will be billed quarterly as follows:

Single family property = \$42.00

Duplex property = \$84.00

Four Family property = \$168.00

Due to large increases in recycling costs since the last agreement was negotiated, the existing level of property taxes will be unable to cover the new costs. In 2025, property taxes will cover the entire costs of yard waste collection.
